▪ **Supervised Research programs for Seminar of undergraduate Students:**

Titles of Seminars:

Academic year: 2000/2001:

- 1- Nutritional Role of Dietary Fiber in Health & Disease.
- 2- Calcium in Diet & Osteoporosis.
- 3- Energy Expenditure & Diet Induced Thermogenesis.
- 4- Dietary & Biochemical Aspects of Vitamin E.

Academic year: 2001/2002:

- 1- The relationship between Diet & Coronary heart diseases (CHD).
- 2- Antinutritional Factors.
- 3- Correlation Studies between Nitros compound & some Diseases.

Academic year: 2002/2003:

- 1- Dietary Therapy of renal disease.
- 2- Food Allergy.

Academic year: 2010/ 2011:

- 1- Nutrition status among school children aged 10-14 years.
- 2- Diet and hypercholesterolemia.

Academic year: 2011/ 2012:

- 1- The relationship between smoking and lipids profile.
- 2- Dietary therapy of hospitalize patients in Wahda hospital- Deran.

Academic year: 2012/ 2013:

- 1- Effects of protein supplementation on BUN, urea, and creatinine among Libyan athletes.
- 2- Relationship between calcium intake among pregnant women on baby weight.

Academic year: 2013/ 2014:

1- Dietary therapy for patients with renal failure in Whada hospital in Derna.

Academic year: 2015/ 2016:

1- Correlation between Waist circumference, Hip circumference, Waist-to-height ratio(WHtR), Waist-to-hip ratio(WHR), and BMI with Cardiovascular disease risk factors.

2- The effect of food habit on health and lifestyle.

Academic year: 2016/ 2017:

1-

2-

Academic year: 2017/ 2018:

1- The association between TV hours watching and obesity among school children (literature review article)

2- Assessment of Body Fat (BF), Visceral Fat (VF), and Body Mass Index (BMI) with Age Groups by Bio-Impedance Analysis Method (BIA).(research article)

Academic year: 2018/ 2019:

1- The relationship between skinfold thickness and some diseases among Libyan females.

2- Serum Magnesium level in healthy pregnant.

Academic year: 2019/ 2020:

1- The effect of breakfast on the educational attainment of school students

2- Prevalence of overweight and obesity in Down's syndrome

3-

AWARD:

▪ Granted a scholarship by the Secretariat of High Education of Libya to study Intensive English Program in Rima College- Malaysia.

▪ Granted a scholarship by the Secretariat of High Education of Libya to study (MSc) in Warsaw Agriculture University, Poland.

▪ Granted a scholarship by the Secretariat of High Education of Libya to study (PhD) in Justus-Liebig-Giessen University- Germany.

MEETINGS (Participation):

▪ Participated in first conference on* Food Quality Assurance*, organized by the Department of Food Science & Technology, College of agriculture 1994, Elbieda- Libya.

- Participated in the first Medical Conference and Exhibition organized by Faculty of Medical Technology, Derna- Libya.
- Participated in “Human Right International Perspectives workshop (UNHCR) - September 2011.
- Participated in Scientific day of the Hospital (Diabetes Mellitus) 25/01/2016.
- Participation in many scientific committees, including the postgraduate studies Committee
- Certificate of training: completed the training of Body Composition Analyzer (InBody 770-technology and Medical Application), Theoretical and Hands on.

POSTS HELD:

- Lecturer, Faculty of Medical Technology, Derna - Libya.
- 01/2001 to 04/2002 head of Post graduate and Staff Affairs Office, Faculty of Medical Technology, Derna – Libya.
- Academic year 2001/2002 & 2002/2003 head of Department of Public Health, High Center of Medical Technology, Derna- Libya.
- 06/2011- 10/2012 Dean of Faculty of medical technology.
- 11/2012 head of Post graduate studies in Faculty of Medical Technology.
- Member of Popular organization for environmental protection, Derna- Libya.
- Co-supervisor of Ph.D student in Faculty of Health and Applied Social Science, Liverpool John Moores University- UK.
- External examiner of Master's student in , Omar Al- Mukthar University, faculty of Science 2016.

HOBBIES:

- Sport, Music & Reading.
